

## **Prime Element Detail Spray**

Prime Element Detail Spray is the perfect product for in between vehicle washes. Also intended for final wipe downs and a quick clean when your vehicle is not in need of a wash, but has light dust, fingerprints and/or smudges. Quick and effortless way to give your vehicle that just detailed appearance without the hassle. Our unique formula is made for both your paint and Prime paint protection film. Easy to use, with no streaking and residues.

### **Directions:**

1. Using a clean high-quality microfiber towel, mist towel or spray directly onto surface and wipe clean.
2. WHEN USING IN DIRECT SUNLIGHT, ALWAYS MIST TOWEL. DO NOT SPRAY DIRECTLY ON SURFACE.
3. Repeat for each additional section.

### **Note:**

Prime Element Detail Spray is an excellent clay lubricant. Spray a light mist over a clean dry surface and use your clay product.

### **Caution:**

Do not apply in direct sunlight. Apply on a cool surface only.
